# 1) Create an account in the ICGEB Service Gateway

The first essential step is to create an account in the ICGEB Service Gateway (ISG) at the following link: <https://isg.icgeb.org/auth/login>.

The screenshot shows the ICGEB Service Gateway login page. On the left, there is the ICGEB logo and the text "International Centre for Genetic Engineering and Biotechnology". The main content area is titled "ICGEB Service Gateway" and contains a login form with fields for "Email:" and "Password:", a "Login" button, and a link for "I forgot my password.". To the right, there is a section titled "What is this portal?" with explanatory text about the gateway's purpose and a "Sign Up" button.

Click on “Sign up” to create a new account by filling-in the **Registration form**. Please remember to tick the authorisation related to the Data Protection Policy.

The screenshot shows the ICGEB Registration form. It includes the ICGEB logo and name at the top. The form is titled "Registration form" and contains a warning: "IMPORTANT: Please enter your first name and family name as indicated on your passport as in all official documents (letter of awards, letter in support of visa, etc.) your first name and family name will be indicated as entered in this section". The form fields include "First name:", "Family name:", "Gender:" (with a dropdown menu), "Birth date:", "Nationality:", "Email", and "Password". A "Register" button is at the bottom left. On the right, there is a "Data protection policy" section with explanatory text and a checkbox labeled "I authorize the collection and process of my data."

Please check that your name and surname are correctly indicated (they must match your passport or any other official identification document) because they will appear in all the documents of your application.

By creating an account and signing in, you will be able to apply for Fellowships, CRP grants, Meetings and Courses, and to manage your applications through the top bar menu.

Useful tips

- This portal has been optimized to work with the latest versions of **Mozilla Firefox, Google Chrome and Microsoft Edge**
- Already submitted an application or left one incomplete? Click on the appropriate link on the top bar to see a list of your applications for fellowships,meeting proposals etc. From there you will be able to complete them with the required data or upload the missing documentation.
- Not sure if you have the requirements for a fellowship application,a meeting proposal, a request to attend an ICGEB event or a CRP grant? Be sure to read the instructions on the first page of the application process, if you are still not sure you can contact the appropriate offices with the mail addresses provided there.
- Experiencing technical problems? Please contact [support@icgeb.org](mailto:support@icgeb.org) describing the actions you were doing when the problem arose.

## 2) How to submit your application

To apply for the Collaborative Research Programme, please click on “*Request a CRP grant*”.

The platform for submission allows you to save your data anytime you wish before sending the full application. This means that you can prepare your application during several days, with no need to connect to the portal and complete the submission all in one go.

The application process is divided in steps, and each step requires you to enter some mandatory data. Once you fill in all the required data, press the **Next** button to proceed. You can return to the previous step by clicking the **Back** button.

For your advance information, the mandatory documents to be uploaded with your application are the following:

- Confirmation by the Institute (**IMPORTANT NOTE:** This is an essential document for the application, which you need to download manually right after completing section 4 ‘Institution’ and upload it, duly signed, together with all the other mandatory attachments) - please note that we accept digital signatures, handwritten signatures, or the ‘image’ of the handwritten signature together with an official stamp.
- Ethical approval (if applicable).
- Resubmission (if applicable).
- Letter(s) confirming the collaboration with your group for the proposal (if applicable).

### 3) How to fill-in the sections of the online form

Please find here below an overview of the sections of the online form with relevant info requested.

#### Section 1 – Preliminary information

CRP Submission

1 Preliminary... — 2 Type — 3 P.I. — 4 Institu... — 5 Project — 6 Budget — 7 Refere... — 8 C.o.I. — 9 Confirm

Please read carefully

- The proposal must be filled in by the Principal Investigator, as his/her registration data (name, surname and E-mail address) will be automatically included under the "Principal Investigator" section, and will not be editable.
- The Principal Investigator must be an employee of the Institution receiving the grant. The Legal Representative of this Institution will be requested to confirm that the Principal Investigator is authorised to request the funds necessary to carry out the proposed research.
- The application process is divided in steps, each step requires you to enter some data. Once you fill in all the required data press the **"Next"** button to proceed. You can return to the previous step by clicking the **"Back"** button.
- For certain fields there is a **character/word count limit** and the system will not allow you to proceed if you exceed the maximum limits.
- Most of the fields are mandatory: if you do not fill them in, you will not be able to go to the next step and complete and submit your application.
- It is possible to save the application and complete it later by clicking the **"Save"** button. You will find the list of your incomplete applications in **'My CRP proposals'** section and you can resume one of them from there.
- Once you have completed the proposal with the upload of the required attachments - Confirmation by the Institute, Resubmission details (if applicable), Ethical Approval (if applicable), Letters of collaboration (if applicable) - in the **"Attachments" section**, your proposal will be automatically submitted to ICGEB and the relevant Liaison Officer of your country for the national selection and endorsement. An automatic receipt will be sent to your e-mail address.
- **IMPORTANT NOTE:** an essential document for the application is the **"Confirmation by the Institute"** form, which you need to download manually right after completing section 4 "Institution" and upload, duly signed, together with all the other mandatory attachments. As soon as you complete section 4, download the form and send it to the Legal Representative of your University/Institution for her/his signature. This will save precious time and will allow you to have all the necessary documents to complete your submission.
- Your proposal and attachments will not be modifiable after submission, but you will be able to add/revise eventual comments in the "Applicant's additional comments to the original proposal" in the **"Comments" section**. This will be accessible by the reviewing committee and peer-review referees.
- Only complete applications received by the deadline are accepted, **no exceptions** can be made.
- After the closing date all incomplete applications will be automatically deleted from the system.
- Principal Investigators are responsible for the correct submission of their application and all the related documents. **Incomplete applications are not accepted/considered.**
- **For endorsed applications only:** upon receipt of the endorsement from the Liaison Officer and after verification that all the requested documents have been provided, you will receive an e-mail of confirmation from the ICGEB CRP Unit (crp@icgeb.org). Please allow 15 days for this notification as the verification of documents takes some time.
- All candidates will be notified of the outcome of their proposal upon finalisation of the review process.
- If you need **technical support** please send an e-mail to [support@icgeb.org](mailto:support@icgeb.org)
- For **queries on the programme** send an e-mail to [crp@icgeb.org](mailto:crp@icgeb.org)

The Principal Investigator is the lead scientist for a particular well-defined research project. He/she is the person who has conceived the investigation and the person who takes direct responsibility for completion of a funded project, directing the research and reporting directly to the funding agency. He/she must be an employee of the Institute requesting the funding.

**IMPORTANT NOTE:** The details requested for the 'Principal Investigator' section are the same already provided for the preliminary registration process. They have been automatically included in this section and are not editable.

In the sections below, please indicate your educational background, as well as your current and previous employment. Please note that there is not a section where to upload your CV therefore the information below is important for the referees.

Explain the context of the research, its aims and objectives, including the potential future applications/benefits in no more than 150 words.  
In case of award this section will be published on the ICGEB website.*

This field is required

**Resubmission:** This field applies only to endorsed applications that have been rejected by ICGEB during the Triage or peer-review phase and on the basis of the scientific evaluation.

Resubmissions are expected to be substantially improved and to address extensively the reviewers' concerns. Such proposals must attach a pdf file (in section 10 **Attachments** at the end of the application process) clearly explaining the changes made to the current proposal compared to the old application.

Applications not endorsed by the Liaison Officers in previous call(s) can be resubmitted and, if endorsed, will be evaluated as a first submission by ICGEB.

**IMPORTANT NOTE:** a proposal endorsed by the Liaison Officer can only be re-submitted once.

**Ethical approval:** please indicate whether your research will require ethical approval (this will depend on your national law). You do not need to have prior approval by the Ethical Committee to apply, it is sufficient to indicate whether this authorization would be needed and provide some details (time to be obtained, etc.). Documentation not in English is accepted.

If your proposal is a resubmission and/or will need Ethical approval, please select **Yes**. You will be requested to upload the relevant information at the end of the application process, in section 10 **Attachments**.

**IMPORTANT NOTE:** This operation will be possible only after you have completed all the previous fields/sections and confirmed your submission by clicking the green button **Data completed**. At this point, you will be automatically directed to the **Attachments** section where you will be requested to upload the necessary documents relevant to Resubmission and Ethical approval.

For some sections there is a maximum number of words allowed:

- Project summary: 150
- Abstract: 500

This field is required

In the section **Potential for training of young scientists & collaborations**, please provide details on the training component of your project (i.e., trainees involved, their position in your lab and their role/assigned task in the research project), as well as details on the participation/contribution of the collaborators (i.e., their role and tasks within the project).

Please note that international collaboration is an essential feature of all ICGEB grants and must be fully integrated into the project. All proposals must have international collaboration where the role of the collaborating laboratory is clearly defined and well integrated into the whole project. This should not be a simple exchange of reagents or expertise but reflect a full collaborative commitment to the implementation of the project.

Full details have to be provided on the role of each collaborator and his/her contribution to the research project. A letter of confirmation is to be provided for each collaborator. The letter should be sent on official headed paper and signed. Signatures/approval from the collaborator's Home Institute are not required.

**IMPORTANT NOTE:** The letters of collaboration must be uploaded at the end of the application. This operation will be possible only after you have completed all the previous fields/sections and confirmed your submission by clicking the green button **Data completed**. At this point, you will be automatically directed to the **Attachments** section where you will be requested to upload the necessary letters.

### IMPORTANT NOTES

1. Please remember that you need to download the **Confirmation by the Institute** form manually right after completing section 4 **Institution** by clicking on the green button **Download** and send it to the Legal Representative of your University/Institution for her/his signature. Please use only this form for this confirmation, do not upload any other document/form as it will not be accepted.
2. The system does not foresee the possibility of attaching any other documents than those mandatory.
3. Only pdf files are allowed for uploading in the attachments section.
4. Your proposal and attachments cannot be modified after the submission.
5. If you made a mistake in the submission process, please contact [support@icgeb.org](mailto:support@icgeb.org).

When all the attachments have been correctly uploaded a confirmation will be displayed.

All mandatory attachments correctly uploaded. The submission is now complete.

Please note that you can also upload the attachments at a later stage in **My CRP proposals** section, by clicking on the green icon under **Attachments**, as shown in the screenshot below. Please note that this button is not enabled if the application is still in status *Partial submission*.

List of your CRP grants requests

Here you can see the list of your **CRP grants requests** registered in the ICGEB Service Gateway.

- To RESUME AND COMPLETE a request click on the **Revise form data** button. If you already confirmed contents through the "Data completed" button, the form is no longer modifiable.
- Only if necessary to process your request, ADDITIONAL INFORMATION can be added in the **Comments** section.
- Click on the **Attachments** button to upload the mandatory documents required to complete your request. Once the MANDATORY ATTACHMENTS are correctly uploaded, your request will be **automatically submitted**. A notice will appear on your screen to confirm successful submission and you will receive an email notification with a copy of your application.
- Candidates are responsible for the correct submission of their application and all the related documents. **Incomplete forms are automatically deleted from the system** after the closing date for submission.
- To start a new request click the button **New application**.

Your application can be in status:

- **Partial submission** = if you still have to complete the information of your application and click on 'Data completed'.
- **Documentation incomplete** = if the mandatory attachments are still missing.
- **Requested** = after uploading all the necessary attachments, the status of your request will pass from 'Documentation incomplete' to 'Requested', and you will receive an automatic notification from [notifications@icgeb.org](mailto:notifications@icgeb.org) including a PDF file with full details of your proposal.
- **Application endorsed by LO** = if your application has been endorsed by the ICGEB Liaison Officer of your Country.
- **Application NOT endorsed by LO** = if your application has NOT been endorsed by the ICGEB Liaison Officer of your Country.
- **Application not approved at Triage** = if your application has NOT been approved during the Triage phase.
- **Application under peer review** = if your application has been approved during the Triage phase and is under peer review.

- **Awarded** = if your application has been approved after the peer review.
- **Rejected** = if your application has NOT been approved after the peer review.

You can also download the PDF file of your application, as well as all the other attachments, by clicking on the green icon under the **Attachments download** column.

There is also an extra section for eventual additional comments from the applicant – please refer to the last column **Comments**. In this field (maximum 300 words) the applicant can add information on his/her proposal not already indicated in the application, but which may be useful for the assessment/evaluation. Please note that this is the only section in the online proposal that can be modified by the applicant once the proposal has been completed and submitted.
